

Pre-consultation information and Questionnaire

Why is now the right time for you to have your garden designed?

What is the scope of the project? (Whole garden rethink, a specific area, just planting etc.)

What are your timescales?

Please note: We are currently running a short waiting list to start new design projects. We will be able to confirm those timescales, should you choose to take up our services.

The *minimum* time to complete a full garden design (complete package) is approx. 8 weeks to account for reviews, site meetings and amendments. Landscapers will have lead-in times to consider, also.

**Do you have any other building projects underway or pending?
(What stage is the project? Are there any relevant planning restrictions?)**

What is your budget: £3-5k, £5-10k, £10-20k, £20-30k, £30-40k, £40-50k, £50-£100k, £100k-£200k, £200k+
(Having this information prior to starting the design is really useful.)

Please note: The minimum build-budget requirement is £10,000 for a small garden - full design unless you are looking for suggestions for planting only._

Do you have a gardener or are you looking to employ one?

**Are you planning to self-build/plant or hire landscapers?
(We can recommend the right Landscapers for your project)**

How big is your garden in square meters? Or alternatively a photo or two is really helpful!

**What is your full name, address and phone number?
(Both full names if a couple)**

How did you find us?

The Initial Consultation - information

We will walk the garden and explore all of the design questions; your needs, wants, likes/dislikes, styles etc. with the aim of creating your Garden Design Brief.

We will discuss ideal ball-park budgets for the work required, take photos and take note of the interior and exterior styling/architecture of the house.

If you have building works proposed, please provide details of these if you have them; architects plans and/or concepts are useful at this stage and essential before design work can start.

Any spring/summer photos of the garden (if the consultation takes place in the winter months) can help also images of any specific features or ideas you'd like to bring into the new garden. (Not essential)

The consultation fee is £90 plus travel at 45p per mile from Mayford, Woking. The consultation fee and any additional travel fees are invoiced on our submission of your detailed Brief and Fee Proposal.

Hope to see you soon.
